H M Name _____		Signature _____	
Contact No _____		Seal	

## Computer Assessment for PLMS Pre-Installation

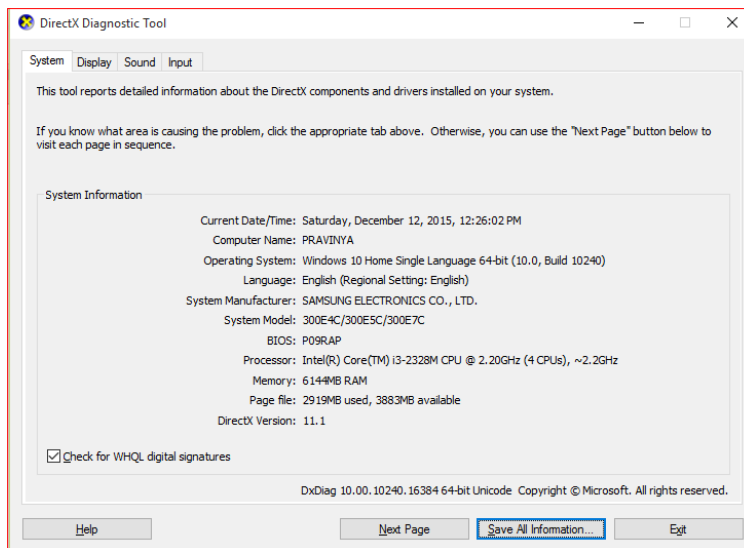

Step 1: Take dxdiag – (for this go through below steps). This is required to get the system information.

A: Press on Keyboard **Win key and R** at the same time

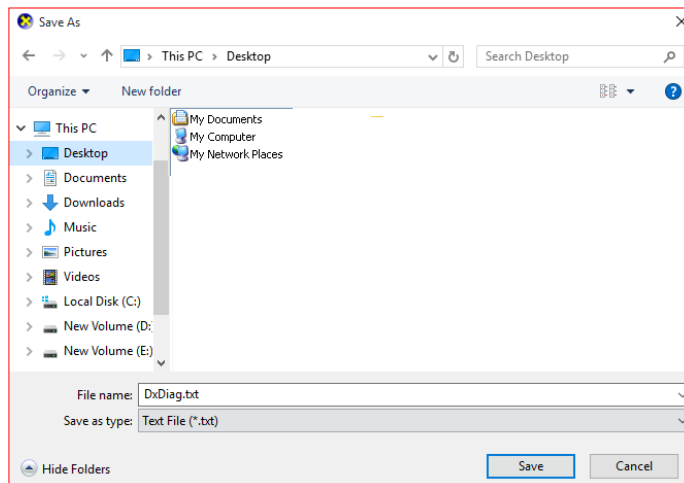

B: you will see below window, in the box type **dxdiag** click on “OK”.

C: You will see below window – click on **Save all information**

D: Save dxdiag.txt file on desktop. (File name format – your school DISEcode\_ddmmmyy.txt) – Ex. ZPHS, Kotakonda school write 36072901902\_09Feb16\_CPU1, If you have 2 CPUs please change CPU 1 to CPU 2 and save.

E: Please email this DxDiag.txt file to us at [info@pravinya.net](mailto:info@pravinya.net)
